Hi Amy,

Can you please give this a quick look. If all seems OK (OK by me), please let Marlene and me know. Rates are correct for 2004 business year.

Marlene, after Amy's OK, please accept track changes and secure James sig on 2 originals and forward to Philip Morris C/O Valerie King. Ask Val to fax back a fully executed doc to me and return one to you in SJ.

Thanks,

Bernie

This person called me yesterday and needed an insertion for Amy's name, I told her to just insert my name which is fine.

I will let you review and follow-up. Note my name is misspelled.

Thanks

I apologize - - as soon as I hit "send", I realized that I didn't attach the agreement draft. It is now attached.

Good morning Lee! Subsequent to our conversation the other day, please find the aforementioned attached for your review. After your review, please provide me with your approval to move forward with the signature process.

Additionally, I understand from a couple of my end-users in R&D that Clinimetrics may be a minority-owned business. If that is the case, would you please click on the link below and complete a profile form so we can register your company as such? Like I'm sure Clinimetrics is, Philip Morris is very committed to supplier diversity development and assumes an obligation to track expenditures with minority and woman-owned businesses as well as mentoring them to grow/develop their business. Please advise and thanks in advance for your assistance with this (if applicable).

Please feel free to call me should you wish to discuss either of these two topics. Have a great weekend!
